13.0 **MEETING OPENED TO THE PUBLIC:**

Mr. Anapolle of Linwood questioned how the District would identify speakers for the Graduation ceremony. Mr. Lichtenwalner replied that Administration is in the process of determining the selection process.

Mr. Dirkes of Linwood also questioned how the Valedictorian would be identified. Mr. Lichtenwalner reminded the audience that this change will not be in effect for this year's Graduation Ceremony and that the decision would be made at a later day for the next school year. He inquired why the District could not have both systems.

Ms. Pino of Linwood advised of her belief that not having Class Rank penalizes the top 10 students by having more weight on the strength of the student's academic achievement and standardized tests.

Ms. Roach of Northfield informed the audience that class rank was not shown on her son's transcript and he was accepted at Cornell University and is doing very well. Ms. Roach discussed how the Universities and Colleges are looking at grades, SAT's and activities and that not having class rank takes pressure off from competing for the Number One spot.

Mr. Mark Pino of Linwood presented a petition of forty student names supporting the current system and allowing students to opt out.

Ms. Melissa Tomlinson of Somers Point inquired if the District could give the top ten students the option to opt out of reporting class rank.

Mr. Dirkes of Linwood inquired if the district polled the current student body. Mr. Lichtenwalner responded, "No".

Ms. Pino of Linwood discussed a study from Texas saying that class rank is a better indication of student achievement versus SAT scores. He inquired, "Why not just give the students a choice?"

Dr. Harvey, MRHS BOE Member, of Linwood, introduced himself as the Chair of the Education Committee and a Professor at Stockton State College. He stated that the Committee and Administration were looking to relieve the competition of achieving class rank points and offering the students to choose the best program of study that would fit their needs. Dr. Harvey pointed out that the change in policy would not stop students from doing their best. Dr. Harvey also stated that the majority of colleges do not focus on class rank but the entire academic career.

Mr. Anapolle of Linwood pointed out that there is still a cutoff point in the new system so students will still have to maintain a good grade point average.

Ms. Pino of Linwood begged the Board to allow current students to maintain class rank and start the new program with the upcoming Freshman class.

Ashly L. of Linwood felt that the current students should be polled versus results obtained from a survey of recent graduates.

Taylor Nardone of Linwood inquired, "How accessible is class rank?" Mr. Lichtenwalner responded that in the current system it is usually available after the third quarter to juniors. In the proposed system, class rank would only be available to those requiring the information for acceptance, scholarships or military purposes.

Taylor Dirkes of Linwood inquired if students should "lie" to obtain their class rank.

Mr. Dirkes inquired if this was a "done" deal. Ms. Ojserkis responded that this meeting was a public meeting for discussion and that the Board has been presented the information for approval tonight.
