

Regulation

PERSONAL USE OF SCHOOL OWNED EQUIPMENT AND SUPPLIES

Mainland Regional High School District owned equipment and supplies shall not be used by employees of the district or other persons officially affiliated with the school, nor by outside persons or groups, except for school projects. Use of school equipment and supplies for personal or non-district related purposes is expressly forbidden.

The superintendent and/or the board secretary/business administrator must approve any use of school owned equipment and supplies by outside persons or groups when it is to be used for school projects. In approving the use of equipment the superintendent and/or board secretary/business administrator shall consider the type of project, the proposed use, the values of the equipment and the risk to the school property.

The board reserves the right to revoke the use of any school owned equipment or supplies.
