

CERTIFICATION

The certification of teachers and other personnel in the public schools of New Jersey is a protective measure for the children, the community, and the staff members themselves. All personnel hired shall have proper certification as required by the state board of education. The superintendent will take appropriate steps to avoid the employment of teachers with revoked or suspended certificates.

Validity of certification must be verified with the county office.

The superintendent must receive valid evidence of proper certification or qualifications to pursue the alternative route to certification before presenting a candidate to the board.

Reporting of Arrests, Charges and Indictments

All certificated staff members who are charged, arrested or indicted for a crime or offense must submit a report to the superintendent of the charge, arrest or indictment, including (but not limited to) disorderly persons offenses and drunk driving arrests. This reporting requirement pertains to both in-state and out-of-state offenses and crimes. Pursuant to N.J.A.C. 6A:9-17.1(c) the employee will make the report within fourteen (14) days. The staff member shall also report the disposition of any charges within seven (7) days of the disposition.

Failure to comply with these reporting requirements may be deemed "just cause" to revoke or suspend the certificate(s) of any certificate holder pursuant to N.J.A.C. 6A:9-17.5.

The superintendent will make these requirements known to all new employees and to all employees on an annual basis.

Provisionally Certified Teachers

The board of education encourages the employment of provisionally certified teachers for service in their first and second years of employment. The building principal or other appropriately certified administrator shall observe and evaluate all provisionally certified teachers in the first year of employment in conformance with the schedule described in the administrative code.

Mentoring Novice Teachers

In order to enhance student achievement of the Core Curriculum Content Standards by enhancing the skills of inexperienced teachers, identifying exemplary teaching skills and practices necessary for excellent teaching and assist novice teachers in adjusting to the challenges of teaching, the board shall ensure the development of a mentoring plan for all novice teachers employed in the district.

The plan shall provide each novice teacher with in-person contact with a mentor teacher (who may be a retired teacher or administrator) who shall provide confidential support and guidance to the novice teacher. The plan shall be developed by the local Professional Development Committee, approved by the board, and aligned with the professional standards for teachers as set forth in administrative code. Included in the plan shall be criteria for selection and training of mentor teachers. Implementation of the district mentor plan shall be in compliance with the administrative code.

CERTIFICATION (continued)

The board shall annually submit a report with required data to the State Department of Education on the effectiveness of the local mentoring plan. State funds appropriated for the novice teacher mentoring program shall be applied in accordance with law and code.

Special Education

All personnel serving students with disabilities shall be appropriately certified and licensed, where a license is required.
